MAY FEATURE

Grooming & Community Youth Day

Hello Apple Grove Veterinary Care Clients!! We've been busy at Apple Grove Veterinary Care, but wanted to take a moment to talk to you about Grooming. During the month of May the Apple Grove Team will be focusing on Grooming Education and special grooming offers.

Apple Grove carries a few products that help your pet stay looking and feeling their best. Furminators are the most popular brushes carried by Apple Grove and help reduce the hair your pet may shed in your home. Not only does brushing help reduce shedding, it also helps bring out your pet's natural skin oils and a shiny coat. Apple Grove also carries a line of high quality shampoos for all skin types. Also products such as waterless shampoo and toe nail clippers are a must for pet owners! Come in during the month of May to purchase any grooming product and receive a 10% discount!

Do you have a long haired cat that is difficult to keep free of mats? Did you know that Apple Grove offers to shave cats while they are sedated? This is a great alternative to cutting mats out of a long haired coat and gives your feline friend a short 'summer cut'.

Apple Grove Veterinary Care doesn't offer grooming services for dogs, but if your dog does see a groomer it is important to make sure all of their vaccinations are current. A bordetella vaccination (kennel cough) and influenza vaccination are especially important for dogs who visit the groomer. These vaccinations can be administered by one of Apple Grove's licensed veterinary technicians during the month of May with a complimentary office visit (an \$18 value!).

We would love to see or hear from you. So stop by Apple Grove, call or email with any questions or concerns about this month's specials. As always we are here to provide every patient with optimum health and wellness by practicing and providing progressive, compassionate, and high quality veterinary care through the educational enhancement of our clients and ourselves.

As always, feel free to call or email with any pet concerns! Thank you so much for your time!
